

2019 Contractor Training

Fulfilling our commitment to keep you the best informed

www.RHS1.com

BOSCH Inverter Ducted Heat Pump System (IDS) Training

• *Objective*

To establish new foundational refrigerant principles into the students, while demonstrate the BOSCH IDS unit in hands-on application. Aiming to create a desire to install this equipment, using the newest 'load-matching' compressor and the various indoor sections; allowing the contractor to see the multiple benefits like saving time on installations and making more money.

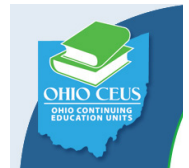

• *What will you learn?*

- Equipment knowledge & installation practices.
- Commissioning & Troubleshooting
- Finding Parameters
- Defrost Cycle
- Charge Mode

• *Students Will Receive:*

Bosch IDS training manual, Quick Start Guide, etc.

\$25 cost for the class

Class runs from 8am - 12pm
